Our Mission To Our Families – Work Life Balance

Many working parents find it difficult to balance their child's school day with their working days and parents are left wondering who will care for their child. As a result, quality before and after school care is now essential. At Tender Treasures Children's Centre we are committed to providing high quality before and after school care and restoring the balance in the busy lives of our families.

Our goal is to offer a range of structured, supervised activities that encourage social skills and self-esteem as well as increasing academic performance all within the framework of a safe and caring environment. We will achieve this by creating a Homework Club aimed at getting children to complete their homework and giving parents quality time with their children at home. Teachers will be on hand to provide assistance and offer guidance.
